

**CONSENSUS SOLUTIONS**

## CAPABILITY STATEMENT

### COMPANY OVERVIEW

Founded in 2019, Consensus Solutions is a trusted advisor and management consulting solutions provider. We leverage our expertise to understand your mission and deliver your vision with our custom strategies to drive measurable, mission-critical results.

### CORE CAPABILITIES & SERVICES

#### Portfolio, Program, & Project Management

Optimize plans and drive programmatic value. Management support to identify risks and navigate complexities so you can stay focused.

#### Organizational Transformation

Revisit and redesign your vision with strategic communication, stakeholder engagement, and resiliency.

#### Strategic Planning & Advisory Support

Craft tailored plans, develop mission and vision, manage performance, and implement measurable goals.

#### Performance Measurement & Improvement

See the change. Improve your workflows with custom metrics, industry-leading practices, and optimal objective-based solutions.

#### Human Capital & Workforce Management

Position your organization for high-performing workforce through enhanced processes, technologies, and strategies.

#### Data Analytics & Workflow Automation

Identify trends and share insights through visualizations. Drive efficiency and enable data-driven decision-making.

#### Internal Operational & IT Auditing

Refine processes through audits for compliance, efficiency, and corrective action.

#### Instructional Design & Training

Training program implementation and maturation; Instructional Design expertise; in-person/hybrid/virtual training development and facilitation.

#### Strategic Communications & Change Management

Ensure your organization and individuals implement change effectively and seamlessly.
